Commerce.

ROUTINE BUSINESS DONE AT THE MONTHLY MEETING

Reports of Committees Received---
W. C. Weedon's Lectures---
New Meeting Place---The
Louisiana Exposition..

For twenty-five minutes after the opening hour of 10 o'clock this morning, President C. M. Cooke held down the chair of the Chamber of Commerce while Secretary J. Gordon Spencer was drumming up a quorum. Members arrived in the following order, ten making a quorum: F. J. Lowrey, H. A. Parmelee, T. J. King, S. B. Rose, W. Pfotenbauer, F. A. Schaefer, R. F. Lange, W. A. Bowen and S. E. Damon.

Mr. Cooke suggested to the earlier comers the adoption of a rule to fine each member fifty cents who failed to attend a monthly meeting of the Chamber.

The secretary read the minutes of two previous meetings, which were approved as read.

Wilder & Co., Ltd., requested the name of S. G. Wilder placed on the roll as its representative in place of the late Wm. C. Wilder.

The president reported for the committee on the \$4000 requested by Governor Dole as an advance to the government for paying the expenses of extending the session of the Fire Claims Commission. He told of the conference with the presidents and secretaries, respectively, of the Planters' Association and the Merchants' Association, with the result that the four banks—Bishop & Co., Claus Spreckels & Co., Bank of Hawaii and First National Bank—advanced \$1000 each on notes signed by four separate mercantile firms in each case. This plan was reported at the time it was formed in the Bulletin. The report was adopted.

Mr. Pfotenbauer was granted further time for the committee on raising money to pay Castle & Cooke, Ltd., the debt on the Quarantine wharf. It is learned that the committee has the business well in hand for early settlement.

A report from the committee on a meeting place was expected but did not appear. First the absence of Paul R. Isenberg and next that of Wm. F. Allen had delayed action. Mr. Cooke before the meeting intimated that it was likely the offer of a large room in the Hackfeld block would be accepted.

The secretary mentioned the receipt of William Haywood's expense account at Washington, which was not read.

Regarding the committee on the Pittsburgh circular relative to suppression of anarchy, the secretary reported that J. P. Cooke was to have prepared the report and had been given the papers for that purpose. In a stage "aside" he added a suspicion that Mr. Cooke had lost the documents. This is cooking anarchy's goose with a vengeance.

A communication from the secretary of the Louisiana Purchase Exposition heralded the furnishing of literature on that subject.

The secretary reported having received a long letter from W. C. Weedon, for whose aid in giving stereopticon lectures at Buffalo and elsewhere the Chamber had appropriated \$250. He did not read the letter, but in answer to a question intimated that Mr. Weedon would appreciate further assistance. There being no fund available, no action was taken.

Mr. King spoke very favorably of Mr. Weedon's work, having witnessed it at Buffalo. He considered it of greater advertising value to Hawaii than the government exhibit. The latter occupied a space about twice that

of the big table of the Chamber. There was a white lady in charge of the exhibit who knew nothing whatever about these islands. Answering a question, Mr. King said he regarded Mr. Weedon's lectures worthy of support if there were means at hand.

SIERRA MADE TIME

WAS DAY LATE IN GETTING AWAY FROM SAN FRANCISCO

Many Passengers from Coast Three
Brides Arrived --- Cus-
toms Guard Delays
People.

The steamer Sierra arrived off port early this morning after a splendid run of 5 days, 17 and a half hours from San Francisco, which port she left a day late an account of delay in the arrival of the English mails.

From the time the Golden Gate was left until arrival the finest kind of weather prevailed and the passengers had a most enjoyable voyage. The vessel's cabins were taxed to their utmost and many well known residents of this city were returning passengers in the big steamer. Among the passengers for this port were three well known young men returning to the city with brides and their friends were out in force to give them a welcome home.

As the big vessel pulled up to the wharf the voice of a Japanese evangelist was wafted to the ears of the onlookers on the dock through a megaphone. He began to preach as soon as he was in hearing but seeing that many of the folks on the wharf were in appearance Christians, he soon stopped and putting his megaphone into a small case, he carried, departed from the wharf.

As soon as the gangway was put up to the vessel Customs Guard Farmer took his stand and allowed no one to board the vessel, whether they had business or not. He is a new man to the duty and either did not understand his business or did not want to. Considerable delay was caused, many having business aboard the vessel, by the actions of the new man, who it is hoped would be more fully instructed the next time he is put in authority.

WYOMING DELEGATION IS BACKING BRECKONS

Washington, Dec. 3.—Attorney General Van Orsdel of Wyoming has decided to withdraw from the candidacy for United States District Attorney of Hawaii Territory.

The endorsement of the Wyoming delegation in Congress has been given to E. W. Breckons of Cheyenne, Wyoming. Mr. Breckons is a member of the State Legislature, has been county attorney of Laramie county, and is one of the leading members of the local Wyoming bar.

Should Wyoming hold the place he will undoubtedly be appointed.

J. A. BRECKONS.

The Federal Court.

Mr. Kinney opened his argument for the defendant in the Bishop Estate condemnation suit this morning. Shortly before 12 o'clock the Grand Jury came in with a written request for specific instructions and the trial was continued until the afternoon session.

Judge Estee, after perusing the request, informed the Grand Jury that the questions submitted by them were so important he should have to carefully consider his answer. He stated that one of the matters was such as required great care in handling by the Court as well as by themselves. They were excused until called, 2 o'clock then being mentioned. Foreman C. H. Brown stated that the Grand Jury had adjourned until that hour, which the Court said was all right.

Assistant Postmaster Beck.

Assistant Postmaster Madeira returned in the Sierra this forenoon after three months' or so absence from the city. While away, Mr. Madeira married Miss Jessie Woodard of Madison, Wis., daughter of State Senator and Mrs. L. Woodward. The newly married couple went to Chicago, Milwaukee and New Orleans, returning to San Francisco over the southern route. Mr. and Mrs. Madeira have come to Honolulu to live permanently.

Hallilani appeared in the Police Court this forenoon on the charge of vagrancy. He was found on the premises of one Fernandez, the other night. The man was acting in a very peculiar manner and it was first thought he must be insane. The complaining witness not wishing to push the case, the defendant was discharged.

Magnates bound by the EVENING BULLETIN.

FLOOD OF NEW BILLS TO ENFORCE CHINESE EXCLUSION

Washington, Dec. 5.—The Chinese exclusion bill in preparation by officials of the Bureau of Immigration was completed to night. It is the result of suggestions from the Pacific Coast Congressmen, particularly Kamm, and embodies provisions suggested by experience in enforcing the present law. This bill will be considered tomorrow morning at a conference of the Pacific slope delegation. It is thought probable that Senator Perkins will introduce the bill in the Senate and Kamm in the House. The substance of the bill is as follows:

Section 1 provides that all Chinese except those provided for in the bill shall be refused a landing in the United States or its Territories, and be returned to China or the country whence they came at the expense of the transportation company bringing them.

Section 2 requires masters of vessels to detain Chinese entering any port over which the United States has authority until a decision is reached as to the right of such person to land. Section 3 provides that neglect or failure for any reason of a master to detain such Chinese shall be punishable by a fine of \$1,000, or imprisonment for one year, or both, and all clearance papers shall be withheld from any vessel belonging to any company whose agents infringe the law until such fine is paid.

Section 4 requires the master to deliver to the collector of customs or other official designated for the purpose manifests of Chinese desiring to land and their final destination, with full particulars of age, sex, status, etc.

Section 5 provides the penalty for failure to furnish these manifests.

Section 6 provides for the examination of Chinese and their baggage.

Section 7 provides for the punishment of any persons as principals or accessories who bring in or attempt to bring in, or who conspire or plot to bring in, Chinese unlawfully. The penalty is fixed at \$1,000 fine and imprisonment for not less than one year.

Section 8 provides for the seizure of any vessel whose master knowingly violates the provisions of the law.

Section 9 declares that no Chinese persons other than officials of the Chinese government, teachers, students, merchants, travelers for curiosity or pleasure, or returning laborers and mechanics shall be permitted to enter the United States or its territories.

Section 10 requires that a consular certificate identifying the Chinese bearing it shall be secured at the port of embarkation. This certificate must specify the social status of the person in the country as leaves.

Section 11 provides for the delivery of a list by the Chinese government of the persons who are officials of said government, and who desire to visit the United States or its territories in their official capacity. This section is made necessary because of the bogus claim of certain Chinese that they are government officials.

Section 12 defines a Chinese teacher as one who has been engaged for two years in giving instructions in the higher branches of Chinese education, and requires that not only must he prove his qualifications, but complete arrangements have been made for his instruction in a college or university, and that this will be his sole occupation while in the United States.

Section 13 defines a Chinese student as a person who has acquired a sufficient knowledge of the English language and of preparatory courses to enable him to enter at once into an institution of learning to fit himself in branches not obtainable in his own country, and requires that complete arrangements must have been made for his maintenance during his whole course of study.

Section 14 defines a merchant as one who is owner in his individual rights in whole or in part of the mercantile business described in his consular certificate for at least one year prior to the date thereof; that such business is precisely as described, and that he has the means and has completed necessary arrangements for becoming owner in whole or in part of a bona fide mercantile business in the United States at some fixed place, the premises and business of which have no connection with a laundry, lodging house, restaurant, barber shop or factory, and wherein neither pawnbroking, gambling, lottery dealing, opium smoking nor any pursuit or amusement other

than the sale of merchandise is conducted or permitted.

Section 15 requires that a Chinese person traveling for curiosity or pleasure must obtain a consular certificate in possession of means to defray expenses; that his financial and class standing in his country is such as to leave no reasonable doubt of his alleged purpose in visiting this country; that he has arranged for a specified itinerary in this country, and that upon conclusion of this itinerary he will immediately depart from the United States.

Section 16 defines a returning or domiciled merchant as one who was owner in whole or part of such a business as described in section 14; that he is residing in this country, and can establish by test or credible witnesses other than Chinese that for a year prior to departure he was owner, as claimed, in his own right and that during such time he was not performing skilled or unskilled labor. Such evidence, however, may be controverted by the officials examining such applicant.

Section 17 provides that a duly registered laborer returning to this country shall prove to the satisfaction of the United States officials that he possesses a lawful certificate; that at least a month prior to his departure he has made application for a certificate of his right to return; that when he claims to have a wife and children in this country the officials may investigate such claim; that when he claims to be returning to collect a debt due him he must prove it bona fide and that no property has been colorably acquired for the purpose of evading the law; that the minimum debt collectable shall be \$1,000.

Section 18 requires the filing of applications of Chinese persons for leave to depart, and provides numerous safeguards to prevent false impersonation. Section 19 prescribes heavy penalties for false impersonation and for issuing false or forged certificates.

Section 20 provides for the cancellation of all certificates when the Chinese in question have not returned to the United States within two years of the date of issuance.

(Continued on page 4.)

NEW NUUANU BRIDGE

LAND SWAP MADE
WITH L. L. McCANDLESS

George Lycurgus Raised on Hilo Land
Proposal—Dangerous Molokai
Trial --- Kewalo's
Sad Cry.

Nuuanu avenue bridge was reported to be in an unsafe condition at today's council. The Superintendent of Public Works was voted \$10,000 for the erection of a new structure.

George Lycurgus offered to surrender his Hilo lease if the government would put the fee simple of the land up at auction for an upset price of \$10,000. The council raised the figure to \$15,000 and will wait to see how the applicant likes it.

Correspondence from the post office department told of a dangerous condition of the trail from the Settlement on Molokai over the pali. Action will await a report from the local board.

Kewalo residents were heard from, after an unusually long interval, petitioning for repairs to roads and the improvement of sanitary conditions in that fragrant suburb. No action was taken.

An exchange of land was ratified between the government and L. L. McCandless, the former taking a strip at Kalihi for road widening and the latter a tract of twenty-seven acres at Waihole, on the other side of this island.

BARREL OF MONEY

It is rumored on the street that Manager W. H. Pain of the Hawaiian Rapid Transit & Land Company has a barrel of money from London to buy out the company. As a matter of fact, fifty shares of Honolulu Rapid Transit sold on 'change this morning at \$9.

Last month the Rapid Transit receipts amounted to \$10,000. So far this month the nickels count up \$400 a day, and next week the figure will likely be much higher.

Wm. Rickard, of Honokaa, is out again after a long siege in bed, due to an operation on his foot. He is now able to walk without a crutch, the operation of grafting a piece of flesh into the wound caused by his shotgun accident having proven successful in every way.

STRANGLE RECIPROCITY

FATE OF TREATIES IS
NOT THE MOST BRILLIANT

President Sends Several to Senate
Senator Perkins and Others
Think They Will Stay in
the Committee.

Washington, Dec. 5.—The President today transmitted to the Senate several treaties signed by Secretary Hay and Ambassador Pauncefote extending the life of the Jamaica and other reciprocity treaties between this country and British islands. Notice of the extension of the Dominican reciprocity treaty was also given.

The French treaty so far as can be learned, was not included in the list of those sent in today. Much secrecy was observed in connection with this matter, and it was difficult to obtain exact information. Additional assurances have been given to the California Senators, however, by Senators Lodge, Aldrich, Foraker and others that the reciprocity treaties need not worry the Pacific coast; that in all probability they will be strangled in the committee room Senator Perkins, who has paid particular attention to the subject is positive that nothing will be done during this session toward ratifying any reciprocity treaty.

"I have become satisfied that there is no danger," he said tonight. "The leaders have given me to understand that California need not be alarmed. Nothing will be done in treaty making that will injure the products or industries of our State. The President has expressly outlined this in his message. Any treaty that attempts to cut the tariff on goods produced to a large extent in the United States is foredoomed to failure."

Mr. Desky's self-registering thermometer on Pacific Heights this morning denoted a minimum temperature of 59 degrees. This is San Francisco weather and Mr. Desky thinks people desiring a change of air might save steamer fares by taking his electric cars for the Heights.

The next Express Steamer to the Coast will be the

KONA KAU RAILROAD

ALL THE STOCK BUT FEW
SHARES SOLD IN STATES

J. Coerper Promoter Returns Pleas-
ed With Success---Work
to Begin at Once on
Survey.

J. Coerper, promoter of the Kona-Kau railroad, returned from a trip to the States in the Sierra this morning after having made arrangements to go right on with the construction of the road. While abroad Mr. Coerper succeeded in selling all but 2000 shares of the stock of the new company and these shares he has brought here to offer to those who may wish to subscribe for them. There was no trouble in disposing of them but it was considered good to have some of the stock held in these islands. The stock disposed of was at the rate of \$10 a share and 148,000 shares were sold.

In conversation this morning soon after leaving the steamer Mr. Coerper stated that his mission had been successful in every way and that the work of the surveyors would begin at once. On the next Mauna Loa men will be sent to the Kona district to begin the work and as soon as it is finished and contracts let for the carrying on of the work the actual construction of the road will be begun.

SIERRA'S NEW STACKS.

Chief Engineer Neuman of the Sierra is greatly pleased with the success of the new smokestacks put on the vessel while she was in San Francisco. The sixteen feet added to the stacks give a much better draft to the furnaces and the soot which used to be very bothersome on deck is now done away with.

Captains Burgess and Sullivan of the Salvation Army have received marching orders and tonight there will be a farewell meeting in the army hall at the corner of King and Nuuanu streets. Captain Burgess will be the only one to say good-bye as Captain Sullivan, on account of bad health, was forced to leave in the last Sonoma. The new officers to take the places of these hard working Salvationists, arrived in the Sierra this morning.

The Bulletin's special industrial edition can be obtained at this office or the newsstands. Price 25 cents.

RECIPROCITY WITH CUBA

COURT WILL FIND
SCHLEY NO COWARD

Admiral Certain to be
Criticismed on Some
Points.

EVICTORS ARRAIGNED

JURY PANEL EXHAUSTED
AND TALESMEN SUMMONED

Mr. Kinney's Closing Argument in
Pearl Harbor Case is Inter-
rupted by Entrance of
Grand.

William Savidge, Harry Juen and J. H. Schnack were brought up for trial before Judge Humphreys this morning, on the charge of assault and battery on Kamakee, a native woman. This case was dismissed by District Magistrate W. L. Wilcox, but defendants were later held for trial by Judge Humphreys as committing magistrate. The violence alleged was committed in the process of evicting the complainant from premises at Kamakee, near Diamond Head.

All the morning session after the arraignment of defendants, who pleaded not guilty, was occupied with the empanelling of a jury. The panel becoming exhausted an order was issued to bring in talesmen, the Court taking recess till 2 o'clock.

J. L. Kaulukou today filed a written motion for a new trial of Ben Gusman, found guilty of manslaughter in the third degree.

Kaula's trial for burglary was continued till next term, regular or special.

A nolle prosequi gave liberty to Joe Kaunimaka, who had appealed from sentence of one month's imprisonment by the District Court for assault and battery.

Fred Wundenberg has given notice of appeal from the decree dismissing his bill for injunction against George Markham.

Postage on the Bulletin's special industrial edition is three cents to all parts of the States.

HENDRY'S CONFIRMATION CAUSES DISCUSSION

Washington, Dec. 5.—The Senate spent some time during the executive session discussing the question of the proper committee reference of the nomination of Eugene R. Hendry to be Marshal of the Territory of Hawaii.

The nomination at first was referred to the Committee on Porto Rico and Pacific Islands, of which Senator Foraker is chairman, but Senator Bacon raised the point that Hawaii is a full fledged Territory of the United States, and that therefore the nomination should go to the Committee on Territories. Senators Teller, Foraker, Spooner and Bacon engaged in the controversy that followed, and the question was ultimately, upon the suggestion of Spooner, referred to the Committee on Rules for the formulation of a rule governing the subject, the reference meantime being held up.

As quietly as she came the big battleship Wisconsin left her anchorage off port yesterday afternoon for Mexico. As she passed the Moana hotel salutes were exchanged between the ship and hostelry.

BULLETIN IS SUPERIOR

Editor Evening Bulletin—I want to ask the following question: Why is it that the boasting Advertiser with its alleged "large circulation" cannot supply an advertiser with help, even after two weeks' steady advertising? I was supplied with the desired help after only one insertion of a small advertisement in the Bulletin.
